

Arthur Maralngurra, Relma Luta and Pauna Vees were the recipients of the 2019 Citizen of the Year Awards in Waruwi. These awards, which recognise the outstanding contributions of community members throughout the year, were presented at an official award ceremony on Thursday, February 14. See more Page 7.

SHARING THE KUNWINJKU LANGUAGE

The Australian National University (ANU) and Charles Darwin University (CDU) have launched the first university-level course teaching Kunwinjku - an endangered Aboriginal language spoken by the Bininj people of West Arnhem Land.

The course is being coordinated by ANU-CDU PhD scholar Cathy Bow in collaboration with the Bininj Kunwok Regional Language Centre.

Ms Bow said the course is a positive step forward for Kunwinjku which is under threat from the increased usage of English and Kriol - an emerging Aboriginal language with a largely English vocabulary.

Ms Bow said the new course is an important way of sharing the Indigenous culture of West Arnhem Land where many non-Indigenous

people work in this region, but very few learn the first language of the local people.

"Many Australians don't have a sense of the value of language to Indigenous people," she said.

"Kunwinjku is our language and we like to help people to learn it."

"It's more than a means of communication, it is actually about identity, land, law and all aspects of who they are.

"There are not many opportunities to learn an Indigenous language at university, so this is an important addition to this field."

Ms Bow is working closely

with a language committee of native Kunwinjku speakers from West Arnhem Land who have been involved in designing the curriculum and resources.

"The language committee are keen to share their language more widely. Since the course is delivered fully online, we've been working together to create and select a range of audio and video recordings to give learners authentic exposure to the language."

Seraine Namundja, a native speaker of Kunwinjku and member of the language committee, has been creating multimedia resources for the course.

"Kunwinjku is our language and we like to help people to learn it. It helps them to communicate with us, and they can learn about our culture."

NATIONAL NAIDOC AWARD NOMINATIONS NOW OPEN

The National NAIDOC Awards recognise the outstanding contributions of Aboriginal and Torres Strait Islander people.

Do you know someone who has improved the lives of Aboriginal and Torres Strait Islander peoples in their communities and beyond? Who have promoted Indigenous issues in the wider community? Or who have shown excellence in their chosen field?

If someone in your community deserves to be recognised then nominate them for a 2019 National NAIDOC Award!

Have a look at the selection criteria for the Award categories to find the best fit for your nominee.

Complete the online entry form to nominate someone who you think deserves to be recognised.

For the nomination to be accepted, the selection criteria must be addressed.

If you need some help writing your nomination check out the Selection Criteria and FAQs page.

Entries for the National NAIDOC Awards close on 5pm (AEDT) Friday 29 March 2019.

CELEBRATING BIRTHDAYS AT MINJILANG CRECHE

The staff and clients at Minjilang Creche recently celebrated Jona's third birthday. The celebrations included a lovely cake, time to play and more. Happy birthday Jona.

NEW FAMILIES WELCOME TO JOIN PLAYGROUP

The Jabiru Playgroup has resumed for 2019 and is held every Tuesday from 9.30am to 11am.

During the wet season it is held at the Courthouse and in the dry season it is held at the Jabiru Lake.

New families are welcome and membership to NT Playgroup is \$20 for a full year per family, \$10 (concession) and \$10 half year.

Each session is just \$2 per child and please bring a healthy snack to share with the group.

The West Arnhem Wire acknowledges the traditional owners of country and their continuing connection to land, waters and community. We pay our respects to them and their cultures, and to elders, past, present and future.

The Wire is the only regular source of news and information in the Kakadu and West Arnhem Land region. More than 800 copies are distributed fortnightly to Jabiru, Waruwi, Minjilang, Maningrida and Gunbalanya.

Our electronic edition goes out to more than 600 individual email addresses across West Arnhem Land and the Top End.

The Wire accepts advertising from businesses and government organisations. Placement of ads is subject to editorial and Council policy.

Our competitive rates start from as little as \$65 (including GST). Call 08 8979 9465 today or email wire@westarnhem.nt.gov.au to discuss how we can help you spread your messages around West Arnhem Land.

WORKING TOGETHER TO HELP THE ENVIRONMENT

Children from Maningrida were busy planting native trees on Monday, February 4.

The kids had an amazing time and showed great comradery by working together to plant all of the trees.

The children who were involved carefully planned out where they thought would be best to plant. They chose to plant some along the cricket oval to hopefully provide shade one day to those walking between the shop and the pool.

The trees will soon provide much needed shade, bush tucker, beautiful colours and shelter as well as providing homes for the local wildlife.

Some native beach stabilisation plants and vines will also be planted as well to help reduce rate of beach erosion around the community.

Only a handful of trees that have been sourced by the Council works Team have been planted so far and the children are hoping to plant many more over the coming months.

The trees are a part of the Maningrida beautification project which was made possible by the Maningrida Local Authority.

The children who were involved carefully planned out where they thought would be best to plant.

Children from Maningrida were kept busy planting native trees around the community.

THANKS GIVEN TO CITIZEN OF YEAR

Leith Waterbury (centre) was presented the Jabiru 'Citizen of the Year' award recently. He is pictured with his fellow members of the Jabiru Fire Station.

Jabiru resident Leith Waterbury was presented the 'Citizen of the Year' award by West Arnhem Regional Council Deputy Mayor Anna Egerton recently. This special award, which was presented in front of members of the Jabiru Fire Station, recognises his outstanding contributions within the community.

Leith is a dedicated community member, volunteer firefighter and committed leader of the Clontarf Academy. A passionate volunteer and role model to many, he is always available to lend a hand and, over the years, has given countless hours of his own time.

He has been involved in the running

of numerous sporting events, including activities for kids, futsal and touch football competitions and many more. When not involved in running regular sporting programs, Leith is always on hand at almost every community event to assist.

He also commits time to other major events in the community including the Children's Christmas Party and the Jabiru Fire Station Lolly Run.

Over the years, Leith has also been a volunteer firefighter, dedicating time to the station every week, and in addition, helps to run personal training, boot camp classes and more.

Thank you Leith.

KUNWINJKU NOW AVAILABLE AS A UNIVERSITY-LEVEL COURSE

<< From Front Page

Ms Bow's work also involves managing the Living Archive of Aboriginal Languages project which has been collecting and digitising Indigenous language resources from around the Northern Territory.

The UN has declared 2019 the International Year of Indigenous Languages, and both universities are committed to showing support for the languages of Australia's first peoples.

The new course is jointly run by ANU and CDU and set to welcome its first cohort of students in first semester 2019. Details available at <https://www.cdu.edu.au/bininj-kunwok>

HEALTH PRACTITIONER SCHOLARSHIPS

Applications for the 2019 Aboriginal and Torres Strait Islander Health Practitioners Scholarships are now open.

The Department of Health is committed to building the capacity of the Aboriginal Health Practitioner (AHP) workforce. The AHP Scholarship Scheme contributes to this objective and provides financial support to AHP students.

Scholarship funding provides students with \$5,000 per year over two years of study for the Certificate IV in Aboriginal and/or Torres Strait Islander Primary Health Care (Practice) (HLT40213).

Eligibility:

- Full time students currently studying

or about to commence the Certificate IV in Aboriginal and/or Torres Strait Islander Primary Health Care (Practice) (HLT40213).

- Eligible to register with the Australian Health Practitioners Regulation Agency (AHPRA) on completion of your studies as a qualified AHP.

- Be a resident of the Northern Territory.
- Be of Aboriginal and/or Torres Strait Islander descent.

For further information, please contact: Aboriginal Workforce Development Unit, People and Organisational Capability on 8922 7278 or email AWD.DoH@nt.gov.au Scholarship closes 4pm, 11 March 2019.

STUDENTS ENJOY WARRUWI JUNIOR RANGER PROGRAM

Some of students in the Turtle Class at Waruwi school had the opportunity to go out on an adventure with the local rangers recently.

Students learnt how to dig for miyulum at Wiyala with rangers Karen and Sophia.

As you can see from the below photographs, everyone had a great time.

NEW WIFI SITES IN WEST ARNHEM

Pauna Wees and Magdaline Ilakkilak connecting to the new public WIFI at the Waruwi Council Office.

Public WIFI internet has recently been installed at three separate sites in Gunbalanya, Maningrida and Waruwi as part of an NT Libraries (NTL) initiative supported by West Arnhem Regional Council.

With public internet access predominately unavailable in remote communities, the NTL initiative will greatly benefit residents in these three communities who are now able to access public WIFI Services

with their personal devices at three specific sites.

The WIFI sites are situated at the Waruwi Council Office, Gunbalanya Youth Centre and Maningrida Pool.

West Arnhem Regional Council Manager Community Services – Head of Division Adrian McCann said the establishment of WIFI in these communities will greatly benefit residents who can now connect to the internet for free.

Change starts here.

CLEAN UP AUSTRALIA DAY

West Arnhem Regional Council communities including Maningrida, Waruwi, Minjilang, Gunbalanya and Jabiru will be participating in Clean Up Australia Day 2019.

These events are the perfect opportunity to join with family, friends, neighbours and colleagues to remove all the rubbish in your community park, bushland, beaches and waterways before it kills the wildlife.

Terrie-Ann Johnson, Managing Director of Clean Up Australia, is keen to remind us that every Clean Up volunteer is Ian's successor – and that, like Ian, 'Change Starts with You.'

"Clean Up Australia Day is the nation's largest community

mobilisation event, and 2019 is the perfect time to band together in Ian's honour, celebrate what has been achieved, show your support for his vision and continue his dream to Clean Up Australia," said Terrie-Ann.

"Ian firmly believed that every single one of us can and should make a difference.

"Volunteer action was his amazingly simple idea, his dream and his inspiration. His passion was working alongside his fellow Aussies as we clean up our environment and/or reduce waste before it becomes a problem. "Moving into the future I urge all Australians to take up the challenge – become Ian's successor and continue the momentum he fostered."

SAVE THE DATE!

Saturday, 11 May 2019

Open & Junior Triathlon | Open Duathlon

2019 KAKADU TRIATHLON DATE SET FOR MAY

The seventh annual Kakadu Triathlon will be back in Jabiru on Saturday, 11 May 2019.

The organising committee is encouraging all residents to save the date as this year's event is set to be another highlight on the calendar which will also one again raise vital funds for CareFlight.

This exciting, colourful and entertaining triathlon attracts participants from around Jabiru and Kakadu as well as those from Darwin and Katherine.

2019's event will run in the same format involving the open triathlon and duathlon and the junior racing skills

with the event circuit incorporating the town pool and streets of Jabiru.

The triathlon and duathlon includes those over 14 years of age and the junior skills events are for those under 14 (ages as at 31 December 2018.)

As well as bringing the community together and enticing visitors to Kakadu, the event has raised in excess of \$55,000 for CareFlight helicopter rescue service over the past six years, with almost \$15,000 raised in 2017.

Entries will open soon and for more information, visit the 'Kakadu Triathlon' Facebook page.

Don't get MELIOIDOSIS

Melioidosis is a serious disease caused by germs in our soil that surface after heavy rains. These germs enter your body through cuts and sores or you can breathe them in.

Your risk is greater if you have diabetes, kidney disease, drink too much alcohol, or have a weakened immune system.

Protect yourself from melioidosis

- Wear shoes during the wet season
- Wear gloves when working outside
- Wear a mask when using a high pressure hose
- Stay indoors during storms
- Take it easy with alcohol

For more information visit health.nt.gov.au or web search 'melioidosis fact sheet'

STUDENTS LEARN HOW TO HARNESS POWER OF WIND

Waruwi School's Sharks class students have been harnessing the power of wind (pictured below). Students have been challenged to design and build mini gliders. To be successful, their glider must travel 10 metres on the 'marlu' that blows out of the east.

Designs have varied between kites, hot air balloons and jet planes.

The maiden voyages will be soon so keep your eyes to the sky because if the wind gets strong enough you might just spy a mini glider riding the warm air which rises over Waruwi.

WARRUWI THANKS CITIZENS OF THE YEAR

West Arnhem Regional Council (WARC) hosted an awards ceremony to honour the recipients of the 2019 Citizen of the Year Awards recently. These awards recognise the outstanding work and contributions of citizens within the Waruwi community.

The award winners were Arthur Maralngurra, Relma Luta and Pauna Wees who have each shown tremendous character and leadership skills over the years.

They have displayed what it means to being a good Samaritan to the general public and their contributions to the community have certainly not gone unnoticed.

There was a great attendance at the awards ceremony which demonstrated that many community members wished to thank Arthur, Relma and Pauna and give them the recognition they truly deserve.

It was also nice for the community to nominate these three individuals and celebrate

together as a community.

The WARC team would like to thank the school and all members of the community who attended the ceremony to show their support and helped to make this a special day for all.

WARC Acting Council Services Manager Shane Slavin said it was an amazing day celebrating the Citizen of the Year Awards.

"It's the first time we have celebrated it here in Waruwi and I would like to thank the following people; Mobie Wees, Charles Opio, Bella Dawkins, Arthur Maralngurra, Punpun Wees for all the help on the ground, and behind the scenes, Heidi Walton, Sue Austin, John Thomas, Janelle Fletcher and Annie Luta. This day could not have happened without you guys," he said.

"We thank you from the bottom of our hearts and everyone has shown great community spirit and this is why I'm proud to be a part of this community of Waruwi."

Congratulations once again to Arthur, Pauna and Relma.

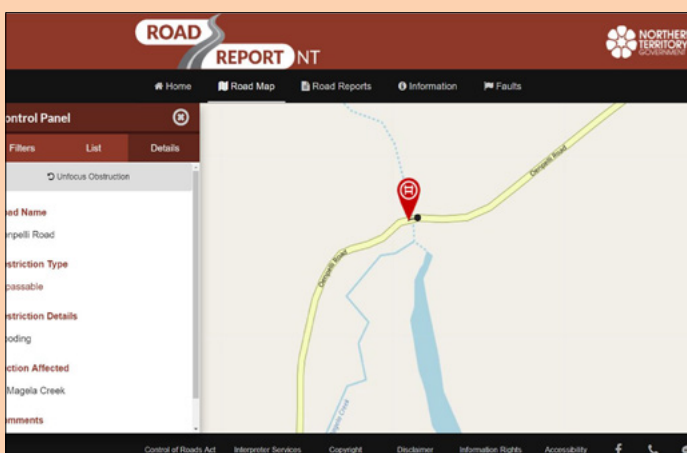

Bella Dawkins and winner Pauna Wees and (pictured below) are community members who supported the day.

Award winner Pauna Wees pictured with Mobie Wees.

WEATHER CONDITIONS UPDATE

The Road Report NT website provides up-to-date road condition information on all Government controlled roads.

The monsoon has taken a little break and the weather over the local region is back to build-up conditions and isolated showers and afternoon storms.

Local residents should expect road conditions to change rapidly.

While a road may look safe to travel in the morning, it could be flooded in the afternoon.

Heed all crocodile warning and road closure signs, do not enter the water, do not drive on flooded roads.

The Road Report Website provides up-to-date road condition information on all Government controlled roads. For more information visit <https://roadreport.nt.gov.au>

WIN A TOP END WEDDING

Tourism NT's support for Australian feature film *Top End Wedding* is set to pay further flow-on dividends for local tourism and business operators with one lucky couple destined to win their dream wedding at one of the Northern Territory's dream locations.

The feature film *'Top End Wedding'* is set to feature a number of familiar faces from West Arnhem as well as a number of special locations from around Jabiru and Kakadu National Park.

The Win a Wedding competition sponsored by Tourism NT and Channel Nine, was launched on the TODAY Show on Monday 11 February and runs until 19 March.

With a total prize pool of \$55,000 worth of NT based travel and wedding services, Win a Wedding is sure to be hotly contested.

Tourism NT Deputy Chief Executive Andrew Hopper said, "To leverage the film's success and lead-in to its Australian release in May, Tourism NT is partnering with Channel Nine with the Win a Wedding competition.

"The competition will further showcase the Territory's vast stunning landscapes and diverse tourism offerings, some of which featured in the film.

"Screening around Australia and the world, *Top End Wedding* will share the best of the Territory to a global audience of millions of potential travellers and destination wedding seekers, who'll be inspired to come and do the NT."

The Win a Wedding competition runs from Monday 11 February until 19 March with the winning wedding taking place on 6 May 2019.

Things have changed since you were young. This trap needed to be set near houses at Maningrida.

Commercial hunting of saltwater crocodiles started in 1945. Before this there were about 100,000 crocs in the Top End but by 1971 there was only around 3000 left and they were almost extinct.

This was a huge problem because crocs are important to the culture of many Australians. They are also the biggest predator wherever they live making them important to the environment. Many tourists now come to the NT to see crocodiles and many people are employed in crocodile farms making crocs really important to our economy.

Salties were protected by international law in 1971 and since then their numbers have recovered. It is important to remember that things have changed since you were young. What was once a safe place to swim may now be home to a large saltwater crocodile.

Things have changed, #becrocwise

MINJILANG CELEBRATES TOGETHER

The Minjilang Youth, Sport and Recreation team put together a wonderful celebration for 'Minjilang Day' recently with the community enjoying traditional local foods as well as a delicious barbecue. The bush tucker was collected by the local men and was shared and distributed evenly amongst the youth and community members who came along to the youth centre. During the day, the children made frozen cups in the kitchen with the assistance of staff, and activities and games were on display such as futsal, art and craft and basketball.

They also put up a poster on the front of the recreation hall door to remind the youth that school was returning the following week.

BENEFITS OF SPORT AND RECREATION

Jabiru youth playing indoor hockey.

Some of the many benefits of participating in sport and recreation activities revolve around health and fitness including reduced risk of obesity, increased cardiovascular fitness, healthy growth of bones, muscles, ligaments and tendons, improved coordination and balance.

There are also many other benefits resulting from physical activities including improved mental health, greater confidence, improved social skills, improved personal skills, cooperation and leadership.

For more information check out the 'What's on in Jabiru' and 'Youth Sport and Recreation' posters on the community noticeboards as well as the West Arnhem Regional Council Facebook page.

Jabiru's Sport and Recreation team will continue to deliver a number of different passive and active activities for children and young people within the community this term.

The type of sport and activities vary from social volleyball, basketball, T-ball, excursions, cooking and more.

STUDENTS ENJOY GREAT OUTDOORS

Recently, a group of students from Warruwi School headed outdoors on a fishing trip.

Using their great fishing skills, they caught four fish in total. All of the students were great leaders, demonstrating fantastic attitudes and they all thoroughly enjoyed themselves.

Warruwi students taking advantage of their beautiful surroundings.

WARRUWI HALL RENOVATIONS

The WARC Works crew assembling new equipment in the 'chill space'.

There have been some exciting renovations under way this month at the Warruwi recreation hall. The two rooms at the front of the entrance, which were previously used as storage spaces, have now become a future 'chill space'. The sport and recreation team have been busy organising this room for the youth recently.

Meanwhile, on January 26 (Australia Day) the community enjoyed a delicious barbecue and a final dance competition to finish off the holidays and there were great prizes

to be won.

Soon after, the equipment for the new revamped 'chill space' arrived, much to the delight of the staff and youth.

While the school holidays have now officially ended, the Warruwi sports and recreation team would like to hold a lunch at the chill space which is open to the public and continue to build on the home economics program.

This will include nutritious food and promoting healthy choices to the youth in the community.

Healthy Habits

COMMUNITY SUPPORTS BOMBERS SPONSORS DAY

The Jabiru Bombers staged their annual Sponsors Day at Brockman Oval on Saturday, February 9. The event was organised by the hardworking Jabiru Bombers Committee and was wonderfully supported by the Jabiru community. Festivities included face painting, live music, cooling hose downs from the Jabiru fires and a blow up water slide and basketball ring on what was a typical hot and sticky Jabiru afternoon.

"It was heartening to see such tremendous support.."

And then of course there was the main event - the Jabiru Bombers final home game versing arch rival Banks Bulldogs.

In what has been a difficult few weeks off the field for the Jabiru Bombers football Club, it was heartening to see such tremendous support shown by the residents and sponsors of the club. Representatives from sponsors Intract, ERA, The Croc Hotel, Sodexo and Veolia were there and I'm sure they would

have enjoyed the festivities and the undeniable Bombers hospitality.

In terms of the footy - well it was a tough day at the office for the understrength Bombers who were 5 goals down at quarter time as the Bulldogs showed that they had come to play. By half time the margin had blown out to 50 points as the Bulldogs led 9.8.58 to the Bombers 1.2.8.

The Bombers did manage to stem the bleeding in the third quarter as the Bulldogs kicked 3 goals to 1 but the margin was an unassailable 59 points.

Nevertheless, the Bombers fought it out to the end managing to outscore the Bulldogs 5 goals to 1 to lose by 38 points. Special mention to Mark Ellis who played his 100th game - well done Mark!

Final score: Banks 13.9.87 defeated Jabiru 7.7.49.

Jabiru goal kickers: Goal Kickers: J. Dawson-Smith 3, B. Whitehurst 2, T. Delphine 2

Best players: Matt Broster, Richard Lindner, Bradley Gaylard, Craig Bangarr, Jade Lamilami, Baden Thorne

Article written by Ian Douglass - President JBFC.

Enjoying the inflatable slip and slide.

The younger ones taking advantage of the face painting.

The Jabiru Bombers played their final home game against arch rival Banks Bulldogs on the weekend.

Below, the hardworking Jabiru Bombers committee members.
