

The 2023 Kurrung Sports Carnival united sports teams from Maningrida, Waruwi, Minjilang, Jabiru, Gunbalanya and Katherine in Jabiru on September 1 and 2. Pictured are the 2023 men's basketball winners Maningrida.

## KURRUNG RETURNS TO JABIRU

The 2023 Kurrung Sports Carnival took over Jabiru on 1 and 2 September in what was a spectacular display of football and basketball.

West Arnhem Regional Council is the proud host of the regional sports carnival which brings men's and women's sports teams from Jabiru, Minjilang, Maningrida, Waruwi, Gunbalanya and as far as Katherine together.

Through Kurrung, Council is able to continue to contribute to building stronger communities in the West Arnhem region.

The event program was huge this year, incorporating men's and women's basketball, men's AFL and there was an opportunity for women to 'come and try' AFL 9s. The carnival also welcomed ABC Territory Grand Stand radio and Charlie King who broadcasted live from the event. It was great to have the team there broadcasting and interviewing people involved in the carnival. Hockey NT also attended the carnival

and facilitated some hockey activities for the younger kids. The carnival also featured the second ever 'Spirit of Kurrung' cup, supported by the No More campaign, which was awarded to the community which displayed the values of the carnival including: sportsmanship, respect, inclusion and fair play. The proud community which received this award was Waruwi.

For the first time, there was also manyardi/kunborrk traditional dancing to end the carnival and this was wonderful to watch. Thank you to those who took part.

In the results, there was a lot of close competition which demonstrates the level of talent in the region.

The men's basketball saw Maningrida and Waruwi fight it out under the JSSC basketball lights with their supporters cheering them on court side. In the women's basketball, it was a battle of the islands with Waruwi and Minjilang vying

for the top place. And in the men's AFL, it was a repeat of the 2022 carnival with Jabiru and Gunbalanya both reaching the grand finals again.

West Arnhem Regional Council wishes to thank everyone involved in the event including participants, Council staff and the volunteers. Thank you also to the sponsors:

Northern Territory Government, ERA, KWAST, Cricket and Football Shop, No More campaign, Blueridge Engineering, Aurora Kakadu Lodge, ABC Radio, ALPA, Red Lily, Kakadu National Park, Stedman's Constructions, Gunbalanya Sports and Social Club, Ajurumu Store, Maningrida AFL League, BAC, MPA, Nja-Marleya, Dhukurrdji Lodge, Ajurumu School, Caulfield Grammar, Djidbiddjibidi College, Kakadu Tourism, 1300 Yarn, No More campaign, GAC rangers, C&R Constructions, Jabiru Bombers, Jabiru Area School.

## GUNBALANYA YOUTH PRODUCE MUSIC VIDEO

Young people in Gunbalanya have launched an incredible music video, written and sung by them!

Indigenous Outreach Projects visited Gunbalanya during the last school holidays, giving the youth the opportunity to participate in hip hop workshops together. The result is an incredible music

video called 'Talk it out' which appears on YouTube.

The music video was brought by Scfc Adjumarllarl Aboriginal Corporation and West Arnhem Regional Council. Thanks also to TeamHealth for your contribution! Here is the link: <https://www.youtube.com/watch?v=qxr1aIUCtZA>

## KEEP AUSTRALIA BEAUTIFUL TIDY TOWNS

Recently, West Arnhem Regional Council played host to Heimo Schrober CEO of Keep Australia Beautiful NT across the region. As part of our Council's commitment to Keep Australia Beautiful Tidy Towns program Heimo was able to visit all of our communities for assessment and to assist making community litter plans to enable future improvements. Overall, Heimo was blown away by the work put in by Council staff to ensure

all of our public spaces are maintained and kept as clean as possible. He noted huge improvements in Gunbalanya and is working to assist Jabiru, Minjilang and Waruwi to a 4 star litter rating. Positive relationships were established with all the stakeholders with a commitment to improving litter across the region and continuing to make West Arnhem communities healthy and clean places to live.

## WIRE

West Arnhem Regional Council acknowledges the First Nations Custodians; and the many Language and Family groups who are Managers and Care-takers to each of their Traditional homelands and Waters across the West Arnhem Regions Wards. West Arnhem Regional Council pay their respects and acknowledge Elders, past present and rising.

# GUNBALANYA TAKES ON NINJA WARRIOR COURSE

There was a lot of anticipation and excitement surrounding the ninja warrior event in Gunbalanya and it certainly didn't disappoint.

The big day finally arrived on Thursday, 31 August and it kicked off at 1pm with kids, youth and community gathering excitedly for it to start.

We welcomed everyone, explained rules and promoted the day as a healthy fun family event free from AOD (alcohol and other drugs).

After a ninja warmup video on the big screen to get everyone in the mood, it started.

The setup was bigger than ben hur with inflatable water slip and slide, 35 metre inflatable obstacle course, homemade section, playground section, water squirters, swinging gym balls and of course lots of inflatable battle sticks - all this while the big screen pumped out Indigenous hip hop project community clips promoting healthy messages. Hoops 4 Health set up on the basketball court for the kids who were not on the obstacle

course and the school set up a market day.

Around 75 school kids got through the course in different age groups, and then the adults had a crack. The kids had nearly as much fun squirting, bopping with inflatables and swinging balls at the adults, as they did competing themselves. Participants enjoyed a healthy afternoon tea with sandwiches and fruit platters.

After everyone got through the course successfully, the 1st, 2nd, 3rd ninja warriors received medals and first also got a sports ball to promote a healthy active lifestyle that's fun without the need for AOD. Kids were also rewarded with a sports ball if they could answer some AOD questions. After some free time, everyone went home tired but happy with stories to tell.

A fantastic collaboration and thank you to the School, Team Health, Hoops for Health, NT Government and West Arnhem Regional Council staff in Gunbalanya and Jabiru.

## CRISIS SUPPORTERS AVAILABLE

Going through a tough time?

If you, or someone you know, are feeling worried or no good, we encourage you to connect with 13YARN on 13 92 76 (24 hours/7 days) and talk with an Aboriginal or Torres Strait Islander Crisis Supporter.

This is your story; your journey and we will take the time to listen.

No shame, no judgement, safe place to yarn. We're here for you.

<https://www.13yarn.org.au/>  
- 13YARN is run by

Aboriginal and Torres Strait Islander people

- Free and confidential service available 24/7 from

*"This is your story; your journey and we will take the time to listen.."*

any mobile or pay phone

- Aboriginal & Torres Strait Islander Crisis Supporters to yarn to.

## WHAT'S ON

If you have an upcoming event you would like to see listed in this space please phone the Wire on 8979 9465 or email [wire@westarnhem.nt.gov.au](mailto:wire@westarnhem.nt.gov.au).

The Stone Country Festival will return to Gunbalanya this Saturday, 15 September. Tickets are available for purchase.

## WEEKLY

### Monday

Underwater Hockey: Jabiru Pool, 5pm

Fire Station Training: Jabiru Fire Station, 6pm

**Wed 11** Ordinary Council Meeting, Jabiru

## JABIRU LIBRARY CELEBRATES INDIGENOUS LITERACY DAY

Jabiru Public Library held a community event to celebrate Indigenous Literacy Day on Wednesday, 6 September.

It was lovely to have the Jabiru Childcare and FaFT attend and join in the special story time.

Thank you to regular guest reader Marcia Brennan – Aged Care Team Leader, who read Clever Crow/Lawrence, N & Bancroft, B in a lovely, engaging way.

This was followed by the FaFT team singing children's songs in Kunwinjku with the interactions, and morning tea.

## EMERGING ABORIGINAL LEADERS CALLED TO JOIN FIRST CIRCLES 2023 PROGRAM

The Territory Labor Government supports the ground-breaking First Circles Program, which cultivates the next generation of Aboriginal leaders.

*"Ground-breaking First Circles Program, which cultivates the next generation of Aboriginal leaders.."*

The program is now open to expressions of interest from Aboriginal Territorians who want to be part of next year's program. Supporting this unique program is one of the ways the Territory Labor Government is enhancing strong Aboriginal leadership, governance and capacity, which is fundamental to Aboriginal Territorians driving local solutions and leading the way in local decision making.

First Circles Members will attend four workshops in 2024 and be mentored and supported by staff and previous members whilst in the program.

The year-long series of intensive

workshops culminate in the group addressing all Ministers in the Northern Territory Government Cabinet.

Successful applicants will be invited to attend the Aboriginal Leadership and Governance Forum to be held in Alice Springs in 2024.

The current 2023 program includes 27 members who have attended the First Circles workshops and are scheduled to complete the program in October 2023.

Managed through the Department of the Chief Minister and Cabinet's Aboriginal Affairs Strategic Partnerships Team, since it started in 2014 over 100 Aboriginal leaders have been part of the program.

Many members go on to represent their community on a national platform. Minister for Aboriginal Affairs, Member for Arnhem Selena Uibo, is a First Circles graduate.

The program is a key element of the Territory Labor Government's commitment to the Aboriginal Affairs Strategy, including local decision making, closing the gap and ensuring Aboriginal Territorians' social and economic aspirations are being met.

Expressions of interest applications for the 2024 program close on 30 November 2023.

# LOCAL AUTHORITY SUPPORTS ROAD SAFETY

Road safety is incredibly important and with this in mind, the Maningrida Local Authority have supported the installation of additional road speed humps throughout their community to manage traffic speeds.

The Local Authority decided to install the speed humps because of concerns with

excessive vehicle speeds and the assessed high risk to people in community.

There are currently 14 speed humps installed in Maningrida and West Arnhem Regional Council are in the process of also installing safety signage and bollards to manage traffic compliance.

Thank you to the Maningrida Local

Authority for supporting this important community project.

## CELEBRATING THE CREATIVE JOURNEY UNDERTAKEN BY MANINGRIDA WOMEN

Manburrba: Our story of printed cloth from Bábarra Women's centre - Catalogue available now via babbarra.com

This publication is dedicated to the memory of J. Kamanj Wurrkidj (1973 - 2023), an accomplished artist and member of Bábarra Women's Centre. She was a much-loved daughter, mother, sister, wife, grandmother and friend to

many.

Curated by Joanna Barrkman / Textiles on loan from Bábarra Women's Centre.

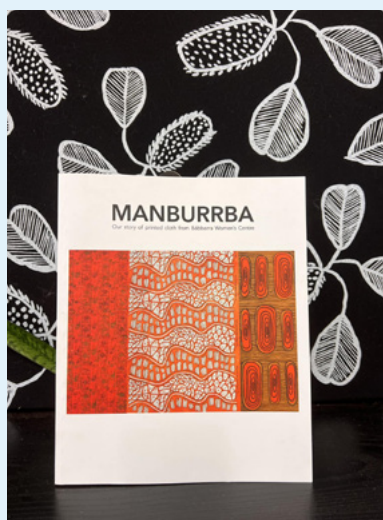

Publication Contributors: Joanna Barrkman, Scott Bowman, Ziian Carey, Ingrid Johanson, Janet Kalidjan Marawarr, Lucy Bulandjan Yarawanga, Janita Wamutjan Yikara.

'The exhibition celebrates the creative journey undertaken

by Maningrida women over the past 37 years, featuring more than 85 striking and colourful hand-printed textiles made by 24 artists, as well as limited edition prints-on-paper, sculptures and basketry.'

Charles Darwin University Art Gallery Special thank you to the staff of Bábarra Women's Centre and CDU gallery for making this happen.

## RED DUST HEALING WORKSHOP

DELIVERED BY BARRY FERNANDO

*"When the dust has settled on our lives, all we get to keep and take with us is our dignity, our integrity and the love and respect we shared with people" Tom Powell (Founder)*

**Waruwi**  
**Tuesday, 26 September**  
**9.30am - 3.00pm**  
*All community members welcome*

Red Dust healing uses an ancient Aboriginal perspective to support individuals to explore and heal unresolved hurt, grief, loss and issues in their lives.

This full day workshop uses holistic tools in a way to empower individuals toward making better choices in their lives.

**If you would like to attend, please see Geri at Council to put your name down**

## ALPA TEAM WORKING ON TRADITIONAL CANOE

The Jabiru ALPA team have set their sights on a huge project which will go down in local history. Activity Coordinator Patrick 'Budda' May and the team of supervisors' latest project is building a traditional canoe. After the recent chainsaw training, the team got to put their skills to use by cutting down a large cork tree to use. The team are looking forward to this project taking shape!

## PROTECT YOURSELF AGAINST JAPANESE ENCEPHALITIS

Japanese encephalitis (JE) is caused by the Japanese encephalitis virus. Encephalitis is inflammation of the brain tissue and is usually caused by an infection. The virus is spread through mosquito bites.

Infection in humans is most commonly asymptomatic.

On rare occasions, it can result in severe disease with brain damage and even death.

### How it is spread

JE is spread by the bite of an infected mosquito. It cannot be spread from person to person.

In countries or regions where the virus is present, the transmission is more common in areas of increased mosquito activity.

Pigs and wild water birds help spread the virus. It multiplies in infected pigs, leading to very high levels in their blood.

Mosquitoes feeding on infected pigs and water birds pick up the virus and may spread it to humans.

### Symptoms

It usually takes 5 to 15 days between getting bitten by the infected mosquito and becoming unwell.

Symptoms include:

- headaches
- fever
- seizures or fits (especially in young children)
- neck stiffness
- drowsiness
- confusion, delirium and coma in severe cases.

### Treatment

There are no specific treatments for JE. In most cases, individuals are admitted to hospital where they are closely observed and given supportive care.

### How to protect yourself

There are 2 ways to prevent JE:

- avoid being bitten by mosquitoes
- there is a vaccination.

There is currently a limited supply of JE vaccines. If you're a Northern Territory (NT) resident you may be eligible to receive a free vaccine.

## 5 DIMENSIONS OF RECONCILIATION

Reconciliation Australia's vision of reconciliation is based and measured on five dimensions: historical acceptance; race relations; equality and equity; institutional integrity and unity.

These five dimensions do not exist in isolation, but are interrelated. Reconciliation cannot be seen as a single issue or agenda; the contemporary definition of reconciliation must weave all of these threads together. For example, greater historical acceptance of the wrongs done to Aboriginal and Torres Strait Islander peoples can lead to improved race relations, which in turn leads to greater equality and equity.

## Bibi Planes for Health

**Delivering health care to remote communities in the Top-End is challenging due to poor road infrastructure and seasonal flooding. Bibi planes (drones) could be the solution.**

**Bibi planes are pilotless aircraft and are already improving the delivery of medicines and other health care products to remote communities across Africa and Asia. West Arnhem will be the first trial of Bibi planes in Australia.**

Before we start transporting medicines, we first need to trial the Bibi planes and see if they will cope with the Top-End weather. Red Lily Health Board will decide where the Bibi planes will fly to first.

# BE CROCWISE TEAM VISIT MINJILANG AND WARRUWI

Northern Territory Parks and Wildlife Ranger Stacey Kessner and Mardbalk Ranger Nick Hunter in front of the welcome to Waruwi sign.

The Be Crocwise safety education campaign started in 2009 and is an important part of how we keep people safe around saltwater crocodiles in the Northern Territory.

**"Being involved in two-way education in Waruwi and Mamaruni schools and working closely with the Mardbalk rangers.."**

NT Parks and Wildlife delivers Be Crocwise messages to communities all across the Top End, visiting as many schools as we can along the way to make sure that kids and their families know how to stay safe in croc country.

Sometimes the Be Crocwise team is lucky enough to visit communities in the West Arnhem area and recently Ranger Michael and Ranger Stacey visited Minjilang and Waruwi on South Goulburn Island to deliver Be Crocwise presentations in collaboration

with members of the Mardbalk and Garngi ranger groups.

Having local people such as Nick Hunter in Waruwi talking about Be Crocwise during our visits allows the messages to be delivered in an engaging and respectful way to the whole community.

On this visit the Mardbalk rangers simultaneously translated presentations for students at Waruwi School, and told everyone of their concerns about a 'cheeky' crocodile that has been hanging around boat launching areas, lured perhaps by the amount of turtle shells left behind after picnics on the beach.

Visiting your beautiful homelands, being involved in two-way education in Waruwi and Mamaruni schools and working closely with the Mardbalk rangers and other community members in Minjilang and Waruwi is a privilege for our team.

Thank you to the Mardbalk and Garngi Rangers, Mamaruni and Waruwi Schools, and Minjilang and Waruwi Communities for being so helpful and welcoming so we can help everyone stay safe in croc country.
